CAREER SUMMARY

Strategic leader with technical depth and business acumen across product marketing, management, advocacy, and solutions. Drives product adoption and market penetration in B2B SaaS, gaming, and creator marketplaces. Proficient in APIs, developer engagement, project management, and open source communities.

EXPERIENCE

Head of Product Marketing

Stytch

Nov 2024 – Present

San Francisco, CA

- Drive B2B SaaS product launches via strategic marketing, boosting market penetration.
- Refined sales playbook with developer-centric strategy, optimizing sales for our ICP.
- Provide technical GTM leadership, ensuring data-driven decisions for the organization.

Product Manager (Internship)

The Cirqle

July 2024 – August 2024

Amsterdam, NL

- Enhanced platform usability across devices via cross-functional projects within engineering team.
- Prioritized product roadmap, focusing on high-impact customer-driven features.
- Translated client feedback and founder insights into actionable product milestones.

AI Consultant

SAP

March 2024 – April 2024

Cambridge, UK

- Analyzed and proposed AI tooling for use in day to day operations.
- Focused on improving all points of the Sales cycle including content, research, and graphics.
- Worked under tight deadlines and small, international teams for quick turnarounds.

Senior Developer Advocate

Dolby Laboratories

Jun 2021 – Jun 2023

San Francisco, USA

- Engineered prototypes, including game audio/video tools, presented at conferences.
- Created developer content (blogs, videos, workshops) on multiple tools including Unity.
- Optimized APIs, UX, and documentation for audio and streaming via engineering collaboration.

Solutions Engineer

Datadog

Apr 2020 – May 2021

San Francisco, USA

- Delivered product training and demos, driving platform adoption in sales calls.
- Resolved bugs across 400+ integrations via engineering collaboration cross-department.
- Developed documentation and internal tooling, enhancing team efficiency.
